In the Matter of

Amendment of Section 73.202(b), RM-8481
Table of Allotments,
FM Broadcast Stations.
(Collegeville, Minnesota)

NOTICE OF PROPOSED RULE MAKING

Adopted: June 23, 1994; Released: July 6, 1994

Comment Date: August 27, 1994

Reply Comment Date: September 13, 1994

By the Acting Chief, Allocations Branch:

1. Before the Commission for consideration is a petition for rule making filed by Saint John's University ("petitioner"), requesting the allotment of Channel 260A to Collegeville, Minnesota, and its reservation for noncommercial educational use. Petitioner submitted an engineering analysis in support of the proposal and states its intention to apply for the channel, if allotted.

2. Generally, noncommercial educational stations operate within the reserved portion of the FM band (Channels 201-220). However, exceptions have been made where channels in the noncommercial educational band are not available because of foreign allotments (Canadian or Mexican) or potential interference to operation on VHF Television Channel 6. According to petitioner, there are no noncommercial educational channels available for use at Collegeville because of the community's proximity to other noncommercial stations. Petitioner notes that reservation of Channel 260A as a noncommercial channel would further the public interest by ensuring that the scarce financial resources available would be devoted directly to improving radio service rather than diverted to cover the cost of a protracted comparative hearing against commercial entities.

3. Section 307(b) of the Communications Act of 1934, as amended, requires that the commission allot channels "... among the several states and communities." The Commission has defined "communities" as geographically identifiable population groupings. Generally, if a community is incorporated or listed in the U. S. Census, that is sufficient to satisfy its status. Absent such recognizable community factors, the petitioner must present the Commission with sufficient information to demonstrate that such a place has social, economic, or cultural indicia to qualify it as a community for allotment purposes. *See, e.g., Oak Grove, FL*, 5 FCC Rcd 3774 (1990); *Hannibal, OH*, 5 FCC Rcd 3315 (1990); and *Statenville, GA*, 5 FCC Rcd 2685 (1990).

Although Collegeville is attributed with a population of 150 persons, a post office and zip code by the 1994 edition of the *Rand McNally Commercial Atlas*, we may find that a population grouping does not constitute a community for allotment purposes where the community may be devoid of the customary factors associated with determining community status, such as a library, schools, shopping centers, churches, a newspaper and social or civic organizations. *See, e.g., Searles Valley, CA*, 3 FCC Rcd 5221 (1988); *see also, Naples, FL*, 41 RR 2d 1549 (1977). Therefore, petitioner is requested to submit information regarding Collegeville, Minnesota, to demonstrate whether it has any commercial establishments, social, economic, cultural or religious organizations, municipal services, or governmental units that identify themselves specifically with that locality.

4. We believe the public interest would be served by proposing to allot Channel *260A to Collegeville, Minnesota, in the event it is ultimately found to qualify as a community for allotment purposes, and to reserve the channel for noncommercial educational use. Our review of petitioner's proposal confirms that Channel *260A can be allotted to Collegeville in compliance with the Commission's minimum distance separation requirements with a site restriction 8.8 kilometers (5.5 miles) southeast of the community.¹ We note, however, that Channel 260A is the only class A channel that can be allotted to Collegeville. Any expressions of interest for the use of the channel as a commercial facility should be made during the comment period.

5. In view of the foregoing, we propose to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules, for the community listed below, to read as follows:

	Channel No.	
City	Present	Proposed
Collegeville, Minnesota	---	*260A

6. The Commission's authority to institute rule making proceedings, showings required, cut-off procedures, and filing requirements are contained in the attached Appendix and are incorporated by reference herein. In particular, we note that a showing of continuing interest is required by paragraph 2 of the Appendix before a channel will be allotted.

7. Interested parties may file comments on or before **August 27, 1994**, and reply comments on or before **September 13, 1994**, and are advised to read the Appendix for the proper procedures. Comments should be filed with the Secretary, Federal Communications Commission, Washington, D.C. 20554. Additionally, a copy of such comments should be served on the petitioner's counsel, as follows:

Richard J. Bodorff
Todd M. Stansbury

1776 K Street, N. W.
Washington, D.C. 20006

¹ The coordinates for Channel *260A at Collegeville, Min-

nesota, are 45-31-24 and 94-18-48.

8. The Commission has determined that the relevant provisions of the Regulatory Flexibility Act of 1980 do not apply to rule making proceedings to amend the FM Table of Allotments, Section 73.202(b) of the Commission's Rules. See *Certification that Sections 603 and 604 of the Regulatory Flexibility Act Do Not Apply to Rule Making to Amend Sections 73.202(b), 73.504 and 73.606(b) of the Commission's Rules*, 46 FR 11549, February 9, 1981.

9. For further information concerning this proceeding, contact Kathleen Scheuerle, Mass Media Bureau, (202) 634-6530. For purposes of this restricted notice and comment rule making proceeding, members of the public are advised that no *ex parte* presentations are permitted from the time the Commission adopts a Notice of Proposed Rule Making until the proceeding has been decided and such decision is no longer subject to reconsideration by the Commission or review by any court. An *ex parte* presentation is not prohibited if specifically requested by the Commission or staff for the clarification or adduction of evidence or resolution of issues in the proceeding. However, any new written information elicited from such a request or a summary of any new oral information shall be served by the person making the presentation upon the other parties to the proceeding unless the Commission specifically waives this service requirement. Any comment which has not been served on the petitioner constitutes an *ex parte* presentation and shall not be considered in the proceeding. Any reply comment which has not been served on the person(s) who filed the comment, to which the reply is directed, constitutes an *ex parte* presentation and shall not be considered in this proceeding.

(a) Counterproposals advanced in this proceeding itself will be considered if advanced in initial comments, so that parties may comment on them in reply comments. They will not be considered if advanced in reply comments. (See Section 1.420(d) of the Commission's Rules.)

(b) With respect to petitions for rule making which conflict with the proposal(s) in this *Notice*, they will be considered as comments in the proceeding, and Public Notice to this effect will be given as long as they are filed before the date for filing initial comments herein. If they are filed later than that, they will not be considered in connection with the decision in this docket.

(c) The filing of a counterproposal may lead the Commission to allot a different channel than was requested for any of the communities involved.

4. *Comments and Reply Comments; Service.* Pursuant to applicable procedures set out in Sections 1.415 and 1.420 of the Commission's Rules and Regulations, interested parties may file comments and reply comments on or before the dates set forth in the *Notice of Proposed Rule Making* to which this Appendix is attached.
